

Application for Admission – Honors in Engineering

Thank you for your interest in the Engineering Honors Program! Admission criteria include:

- ✓ 3.33 UI cumulative GPA (checked at two different points – once at admission and again at graduation)
- ✓ Approval of an Engineering Honors project under the supervision of a faculty member

To apply students must:

Step 1: Complete this form and obtain appropriate signatures by the last day of early registration in the semester prior to enrolling in the Engineering Honors Seminar (see below).

Step 2: Submit this form to the coordinator of the Engineering Honors Program, 3612 Seamans Center

Engineering Honors Seminar (ENGR:4000): The seminar is offered in Spring 2020 and then only during the fall semester starting Fall 2020. Students will be granted special permission to enroll in the course by the coordinator of the Engineering Honors program upon final approval of their application.

STUDENT INFORMATION:

First Name: _____ Last Name: _____

UI ID #: _____ Phone Number: _____

Major: _____ Anticipated term/year of graduation: _____

Term/year registering for ENGR:4000: _____ Current UI GPA: _____

HONORS PROJECT:

- Research Project
 Directed Independent Study Topic
 Other

Please list the “working” title of the project (complete title will be needed two weeks prior to graduation):

The finished honors project will culminate with a written report. The final written report can be submitted any time after completing the Honors Seminar, but ultimately must be submitted by the Friday prior to the last full week of classes in the graduating semester.

Indicate the projected date for written report submission: _____

ELIGIBILITY APPROVAL:

I certify that the proposed honors project is beyond any requirements for the B.S.E. degree:
