You will be asked the questions below on the tutor application.

1. As a student in the College of Engineering, how have you utilized academic support resources (Teaching Assistants, Engineering Tutoring, Supplemental Instruction, Office Hours, etc.) to enhance your academic experience? Regardless of your use of resources, what stands out to you as hallmark traits of effective and supportive academic resources?

2. Tell us about a time that you have helped someone understand a difficult concept. What was your approach to helping them? What do you wish you had done differently?

3. Please explain why you are interested in becoming an Engineering Tutor and what you hope to gain in the position.
