MEETING

1. Call to order
2. Announcements (5 min)
   a. Introductions and welcome to new councilors
   b. Get to know each other question(s)
3. Finance and Operations Update – Update submitted by email after the meeting.
   a. Fiscal Year 2023 final close is July 19th @ 5pm. Transaction Detail Reports (TDRs) will be available around July 25th/26th for final reconciliation of period 14 (final close transactions).
   b. Fiscal Year 2024 financial reports for July will be available after those FY23 final TDRs are pushed out – Those that had an approved general education fund carry forward request from FY23 should check to make sure everything carried forward appropriately. All other initial budget allocations in general education funds and start up allocations from the college should be allocated to the respective MFKs by end of July.
   c. Transfer requests from UI Center for Advancement for fiscal year 2024 will be submitted after earnings post for the quarter ending June 30th. Anticipated arrival for those funds in the UI MFK is approximately mid-late August.
   d. CoE supplemental procedures for FY24 rec’d feedback from units over the last 4-6 weeks and will be shared with each unit and USS with an effective date of August 1st. Overall not many modifications/updates made.
   e. College is in process of reviewing and updating undergraduate scholarship opportunities, the student application questions asked and amounts in the UI scholarship portal in preparation for the new awarding cycle that will start in early September. Graduate student scholarship amounts for FY24 were communicated to each unit last spring with an expectation that they select their students within the first month of the fall semester.
   f. Internal Audit is in the process of circling back around on status of the various management plans in preparation for the September BOR meeting. They also have started to communicate their FY24 audit schedule which includes an audit of I1HR.
   g. Summer projects are in the process of wrapping up: in the SC we are waiting on dusting and changing of the flags in the commons, dusting of the metal ribbon artwork outside 2040/2045, remaining painting and then a couple of space moves. We are awaiting some updating wayfinding signage, typical lead time is anywhere from 6-12 weeks.
h. Building Emergency Action Plans (BEAPs) are being updated for those CoE buildings that had a change – Those updated BEAPs will then be routed to Emergency Management for review and signature approval.

i. Welcome Scavenger Hunt is planned for Thursday, August 17th for first year engineering students. Engineering Welcome Fair is planned for Tuesday, August 29th.
