

Civil Engineering Program

Student Tailored Focus Area Submission Form

Civil and Environmental Engineering Updated July 2021

Student Name: _____

Student ID #: _____

Date: _____

Expected Graduation (Mon/Year): _____

Student Tailored Focus Area Requirements

For the Student Tailored Focus Area, you need 27 semester hours of Focus Area Electives. The Student Tailored Focus Area Plan of Study spreadsheet describes the course requirements. Fill out this PDF form electronically and submit it when selecting the Student Tailored Focus Area (see instructions on the following page).

Enter your Choice of Two CEE Design Courses (6 sh) (see list on the Student Tailored Plan of Study)

Course #	CEE Design Courses	S.H.	Pre-Requisites
		3	
		3	

Enter your Choice of Two 3000 level or above CEE courses (6 sh) (see recommended courses on the Student Tailored Plan of Study)

Course #	CEE Electives	S.H.	Pre-Requisites

The remaining Focus Area Electives (15 sh) selected must meet the following guidelines for a Student Tailored Focus Area:

1. The set of courses chosen must support the student's career or life plan as explained in the Career Objective Statement (see space below). The explanation must be acceptable to the CEE Curriculum Committee.
2. A non-technical Focus Area must be completed as part of a minor in that field or as part of a certificate program, and therefore each course must be part of a sequence of an increasingly challenging curriculum.
3. The set of courses chosen must demonstrate depth of learning in a particular area. An assortment of introductory courses is unacceptable.

Enter your Choice of remaining Focus Area Electives (15 sh)

Course #	Remaining Focus Area Electives	S.H.	Pre-Requisites

A non-technical Focus Area may require additional courses (beyond the 27 sh required for the Focus Area) to meet the requirements of a minor or certificate program. These courses may be used to satisfy the General Education Component (GEC) requirements.

Enter any additional courses required but do not count as Focus Area Electives

Course #	Additional Required Courses	S.H.	Pre-Requisites

Include a career statement to justify the courses selected for your Student Tailored Focus Area.

Career Objective(s) Statement:

Submitting a Student Tailored Focus Area for Approval

All students must select a Civil Engineering Focus Area using the following online academic form:

<https://workflow.uiowa.edu/form/ce-enve-fa-submission>

Select the Student Tailored Focus Area for the Civil Engineering Program, and upload the following documents:

- An electronic copy of this Student Tailored Focus Area Submission form (scanned hand-written copies are not acceptable)
- Information on the requirements of the minor field or the certificate program. A current degree audit for the minor or certificate is preferred.
